"BOY'S BATHROOM" CLEANER

Australian White Grapefruit

It's not sexist, just a universal truth: The boy's bathroom always smells much worse than the *Ladies*. This natural, yet highly effective cleaner is strong enough to tackle the toughest lavatory jobs without the use of harsh chemicals or toxic fumes. (So perfectly safe for the Girl's bath). Use in and around the wash basin, tub, tiles and toilet. BBC discourages mould growth and eliminates odours by neutralising the proteins that feed bacteria. Lovely. **DIRECTIONS:** Shake well before use, then simply spray and wipe. For stubborn stains or heavily soiled areas, allow BBC to stand a few minutes before wiping clean.
